Summer Academies 2018

Beyond year-round tutoring, **Enlightened Learning Center** offers enrichment learning experiences through its Summer Academies. Join one of the 680+ kids who attended academies **over the past 9 years!** Be someone who learns through curiosity! Students attend 5 days of hands-on, engaging learning. Students gain valuable experiences by learning in a collaborative, supportive, and enriching environment.

- Each academy provides **interesting**, yet challenging learning opportunities facilitated by **passionate** teachers who differentiate each instructional moment to meet the needs of each participant.
- Academies are staffed by **highly qualified, energetic teachers** who have a deep knowledge of the content they will be teaching.
- Academies are limited to 5 - 12 participants.
- Academies begin at **9:00 a.m.** each day and conclude at **3:00 p.m.**
- **T-shirts** are guaranteed to participants who pre-register.
- Participants need to bring a brown-bag **lunch**

Pricing:

- Early-bird registration rate is \$165 (registration and payment due by Friday, May 25, 2018)

Chemists Overtake the Kitchen ~ Grades 3-6 ~ June 18-22

Get ready to become a top chef without cooking! Learn how science + ingredients + ingenuity = delicious delights! You will have an ooey, gooey, grimy, slimy experience as you create delightful treats to try. Chefs rely on chemistry to make their ingredients transform into edible delights, become one of these chemist-chefs this summer!

Documentary Discovery ~ Grades 4-7 ~ June 18 – 22

Bring a passion, your story to life! Learn how to capture the award winning films you see online. Learn the way YOUR camera works and how to make the documentary express your passion. Discover the history of documentaries and the basics of this art form. Create an impressive documentary of a topic of your choice! Bring your digital camera for this photography fun.

Greek Mythology ~ Grades 4-7 ~ July 9-13

Do the Greek gods intrigue you? Are you mesmerized by their powers? Do you enjoy reading their stories? Join this adventure to

learn how to fight the gods and save the world! Be prepared to use your imagination as you travel back in time to greet the Greek gods!

Harry Potter ~ Grades 4-7 ~ June 25-29

Attention Muggles, Witches, and Wizards! Have you ever dreamed of attending Hogwarts? If so, then here's your chance! We'll stop at Ollivander's to learn about wand lore, experiment with potions, investigate magical creatures, learn how to play Quidditch, and so much more! So hop on your broom and fly in for a magical adventure.

I3: Illustrious Illustrators Illuminate ~ Grades 2-5 ~ July 2-July 6

Do you have a favorite picture book? A favorite children's author? A favorite illustrator? During I3 kids will discover the secrets behind the magic of matching illustrations with writing and writing with illustrations! Want to learn different illustration techniques? Would you like to illustrate your own book? Come to I3!

In the Limelight: Music, Drama, & Dance ~ Grades 2-5 ~ July 30-August 3

Have you ever seen a musical or a play? Did you ever wonder what it would be like to be in a show? During this academy, we will explore many different types of instruments, dance, and theater and we will even create our own show! (Taught by special guest musician!)

Lego Kingdom: Kids Create, Kids Rule ~ Grades 2-5 ~ July 9-13 OR July 16-20

Join our team of young city architects as we design and build a collaborative Lego City! We will exercise creativity, math, and literacy skills as we work together to create a unique green city filled with an array of original characters, buildings, and contraptions each with their own story and purpose!

Mad Scientists Explore Space ~ Grades 2-5 ~ July 23-27

Space exploration at your fingertips through the eyes of a scientist . . .the mysteries of space are greater than an astronaut can solve alone. Learn how scientists get astronauts to space, how scientists ensure that humans survive in space, and how scientists ensure that astronauts arrive home safely.

Mythbusters ~ Grades 4-7 ~ July 16 – 20

Is this myth busted or confirmed? Be a mythbuster as you and your friends do some of the many experiments from the show. Can you make something that is both a solid and a liquid? It is possible that this will be the best camp ever!

PK²: Pinterest and Krafty Kids ~ Grades 3 – 6 ~ July 2 - 6 *no session on July 4

Do you or your parents find ideas on Pinterest? Would you like to make crafts and post your crafty creations to Pinterest? Come and create! Projects include stained glass, mosaics, duct tape sculptures, balloon art, decoupage, piñatas, jewelry, beads and more!

Rockin' Robotics ~ Grades 4-7 ~ July 30 - August 3

How might you make a crack to life an object or a bridge to support a certain amount of weight? Join us for a weeklong science experience in which you will have the chance to work as a team to solve a variety of problems and use computers to program robotic machines to complete your tasks!

Spy Codes & Cyphers ~ Grades 3-6 ~ June 25 – 29

Urgent message from Captain: ...---... Send messages out to see with Morse code, investigate how the Navajo code talkers operated during World War II and explore the mysteries of the Enigma machine. Create coded messages to send/text to your friends, right under your parent's nose!

Willy Wonka's Candy Makers ~ Grades 3-6 ~ July 23 - 27

Could you be the one with the *golden ticket*? Do you love to be creative and eat candy? Then join us for a week of hands-on baking and candy making! We will learn to bake, create, and taste as we explore what it was like to be a worker at Willy Wonka's Chocolate Factory. It will be a sweet week of treats you can eat!
