ALL MEANS ALL!

Dr. Barbara Rupp

Welcome to school year 2013-14. As always, we are excited about the awesome opportunities we have to establish meaningful relationships with the children of our community, and we are enthusiastic about the privilege to educate them. Education is the key to life-long success, and we strive to help students understand that each and every day.

But what implication does "all means all" have for South Western School District students? It means that we continue to have high and consistent expectations for all students. As each school year progresses, we know more and more about how children learn. Through professional development, our teachers and administrators increase their knowledge of ways to deliver instruction to meet the needs of all students. In addition, our school board provides the resources and support, in the most fiscally responsible way, that we need to educate all students.

School improvement plans have been developed for every school as our ongoing goal at South Western is continuous improvement. Throughout this school year, you will hear about the challenges and celebrations of our improvement plans. Improving what we do means we are continuing the tradition of excellence. That excellence is for all students, and we are committed and determined in that quest.

Your cooperation and support is greatly appreciated.

Riding the Bus

Be Five Minutes Early

Have your child at their bus stop at least five minutes early. Since the elementary run is scheduled before others, drivers do not have the flexibility to wait for late arrivals.

Be Patient, Delays Happen

During the first two weeks of school, the buses may not be on schedule. Drivers need extra time to help students who are new or unsure of their buses. At the end of the day, drivers will not leave the school until they are sure all students are on the bus. Delays of up to 15 minutes may occur. By the third week of school, buses should be on schedule.

Reassurance For Young Ones

Take young children to the bus stop before school starts. Familiarize them with the surroundings. Reassure your child that the bus driver WILL bring them home, but may take other children home first.

In Case of Emergency...

If your child needs alternate transportation due to an emergency, please contact the Director of Transportation at 717-633-4776.

2013-14 Health News

Return Emergency Forms!

Please fill out or correct your child's emergency info as soon as possible for updates. These forms keep your child safe in case of emergency and the district must have accurate and up-to-date information. **ALSO NOTE:** the info on your student data sheet is also required for the district's "school messenger," an automatic system that will contact parents via telephone with important updates.

Asthma Inhaler Permission

The medication policy for the district follows state law regarding students' self-administration of asthma inhalers. Students are permitted to carry and self-administer emergency medication such as an asthma inhaler with written permission from parent(s), a physician's order and after review by the school nurse.

Allergies

Please notify the school nurse at your respective building of any allergies your child may have so the nurse and other staff can assist your child.

The Mustang Will Return!

As many may already know, the "Mustang Tree" was destroyed by natural causes back in May. We are pleased to report that the original carver will be carving a new, third mustang for the district! Watch our newsletter and website for updates on the project.

South Western Education Foundation 5K Run/Walk

On **Saturday, October 5th** the South Western Education Foundation will host a 5K Run/Walk to raise funds to be used for students in the coming school year.

The Foundation is a non-profit organization, created to help teachers, staff and administrators implement unique educational opportunities. When these folks request Foundation funds, they submit a proposal summarizing the program they'd like to implement. The proposal then goes before a nine person board, who review and take the proposal to committee each year. Applications for funds are due each April and reviewed by June of that year. The board then decides who gets funding

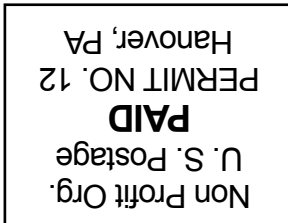

and which programs are created. Last school year nine proposals were submitted, and seven grants given to the total sum of \$5,041. A gift given to the Foundation is the gift of a new and innovative educational opportunity for students and residents in our community.

The event is for all ages, family friendly walk or run, starting from EHMIS. Check in is from 7:30-8:30am that morning with start times at 9. The stadium concession stand will be available during the 5K event.
