

we learn, we build, we play with
LEGO® Bricks

AFTER SCHOOL

So fun it won't feel like learning!

ENROLLING NOW FOR AFTER SCHOOL!

B4K® After School Enrichment Program at MANHEIM ELEMENTARY SCHOOL!

Bricks 4 Kidz® After School Enrichment Programs are designed to provide a hands-on atmosphere where children will learn science, technology, engineering and math (STEM) using LEGO® bricks. Our students will learn about gears, motion, friction and more using Bricks 4 Kidz® proprietary models. A different model will be presented each week.

At Bricks 4 Kidz®, we believe that kids learn best through activities that engage their curiosity and creativity while working on positive peer interactions, communication skills and teamwork!

They'll think it's **COOL.** You'll know it's **EDUCATIONAL.**

JURASSIC BRICK LAND: Are you ready for the adventure of a lifetime? Put on your hiking boots and camouflage...you're about to enter Jurassic Brick Land! Students will build a world that comes to life with gentle Brontosaurus, ferocious Velociraptor, terrifying T. Rex, and more. We'll learn about amazing dinosaurs that lived during the Jurassic period, and other extinct, prehistoric animals that roamed the earth and swam the seas during that era and millions of years later. Show us your building skills using our specialized project kits! Come learn, build and play at Jurassic Brick Land class!

Unit: Mission 2 Space

**When: Wednesdays, Nov 8th – Dec 13th,
from 2:40pm to 3:40pm**

(No class November 22nd.)
